

MOTIONWEAR®

TEAM 2022/2023

MADE FOR MOVEMENT

Our Motionwear Team Capsule Collection offers high-performance activewear crafted with premium materials to keep performers feeling cool, comfortable, and confident as they compete.

DRI-LINE is a modern microfiber polyester fabric that pulls away moisture to help skin stay dry while it releases heat. With DRI-LINE, performers can demand just as much of their activewear as they do of their bodies, without sacrificing style.

SILKSKYN is our exclusive lightweight spandex that feels like an extension of the skin. Superior stretch and recovery combines with moisture-wicking properties to create an ideal balance of fit, comfort, and durability that's sure to elevate any performance.

Superior Softness + Maximum Durability = Perfect for Active Performers
